## Annual Reserve Fishing Contest

**Congratulations to the winners  
of the 2007 Research Reserve  
Fishing Contest!**

Thanks to the help of local sponsors this year's contest was a huge success with raffle prizes, event T-shirts, awards, trophies and give-aways for participants.

Our contest is a way to reinforce legal size limits and sustainable fishing practices in Narragansett Bay. For information on this year's Fishing Contest check our website [www.nbnerr.org](http://www.nbnerr.org) or call the Reserve at 401-683-6780.
